MESSAGE

Sri Lanka Majlis (SLMQ) is one of the pioneer organizations which is under the patronage of Sri Lankan Embassy. It interacts with the Sri Lankan Muslim community in Qatar. Their contribution towards the welfare and advancement of Sri Lankan Muslim community both here and in Sri Lanka seems to be satisfactory. Its performance during the current year in the sphere of arts, culture, sports, language and education are monumental events that all the members could be proud of.

SLMQ also maintains a discrete balance between and among the communities, exhibiting the members 'will' for peaceful co-existence with all irrespective of ethnicity, race, cast and creed.

At the eve of 17th Anniversary of SLMQ in which a Souvenir will be published, I take this opportunity to convey my heartiest congratulations and best wishes for all those members who made dedicated commitments to foster "friendship with all and enmity with none". May Almighty God Allah Bless upon all of you!

Togetherness

A single stick can be easily broken with little effort, but when it is in a big bundle it is difficult to break.

Little drops of water form a big ocean which is home to many of nature's most exquisite creatures. A person can't make a clap single handed, but two or more together can make a big applause.

Ants work together to form an ant hill which is far larger than them. Have you ever seen a group of tiny little ants trying to lift up little pieces of food from one place to another, it may be a huge mountain for those ants, but their effort together makes it seem so easy for them.

No matter how many times the teeth bite the tongue; they will stay together in one mouth. Even though eyes don't see each

other, they see things together, blink simultaneously and cry together.

"Say" alone, but "Talk" together. "Enjoy" alone, but "Celebrate" together. "Smile" alone, but "Laugh" together.

Alhamdulillah, Allah has blessed us with prosperity; we can greatly magnify the blessings, success and rewards if we get together.

So let's hold hands, and forgive, forget and unite to restore the peace forever to bring a fruitful, pleasant and delightful future for our younger generations to make them smile.

May Allah bless the SLMQ forever with His Love, Guidance and Mercy
—Aameen!

Message from Keynote Speaker

Assalaamu alaykum SLMQ Family

I am very happy to be a part of your wonderful journey. A journey that has brought you from the heart of your motherland to the pearl of the Gulf. A journey that connected your home country with a sister nation. Where opportunities were seized, success was achieved and those at home

were never forgotten. A journey that has reached out to where it began, to give back to the motherland, to empower all its people irrespective of faith or inclination, to improve its condition, to create greater opportunities for others and to help dreamers realise their dreams. The bridge that you have built over the decades between Sri Lanka and Qatar is paved with gold and lined with silver. It serves all those who would like to use it for trade, education, medicine, employment and much more. I am proud of your achievements in a short time and I pray that you can do more as the days pass. Aameen.

Yours sincerely

President's Message

In the name of Allah the Most Gracious and the Most Merciful

It is with great passion and gratitude I extend warm and sincere greetings to all of you on the occasion of the 17th Annual Symposium of the Sri Lankan Majlis Qatar.

As we celebrate this significant milestone, it is worth reflecting on our journey that has been carved by many successes and challenges. With the help of Almighty Allah, the support of loyal members, and dedicated members of successive Executive Committees, the SLMQ stands today as a valuable and leading organization in Qatar.

This year, we launched our journey focusing our activities in three different segments, namely activities for SLMQ families, activities for Sri Lankan communities living in Qatar and activities for people living in Sri Lanka. The recent unfortunate incidents in Sri Lanka altered and redefined our annual calendar. Peace is more important today than any of the earlier eras. Violence is the antithesis of peace. If we desire peace, harmony and peaceful coexistence among communities, then violence has no place and should be abhorred. Sri Lankans love peaceful coexistence and have to work hard to let the proponents and perpetrators of hatred and violence, re-think and reflect and think seriously, reflect positively, and resort to non-violent ways of addressing the issues concerned so that all communities in Sri Lanka would live in an atmosphere of Sri Lankan brotherhood. In light of this,

the theme chosen for this year is "Together Towards Tomorrow". The various programs and projects have been and will continue to be aligned with our theme.

We will also continue to support the needy and provide educational, Islamic and professional programs for the benefit of our members and further strengthen the good relationships with all other sister organizations in Qatar.

On behalf of the Executive Committee, I thank whole heartedly HE Sheikh Tamim Bin Hamad Al Thani and the citizens of the State of Qatar on behalf of all Sri Lankans. I sincerely thank, HE P.D.P.S.A Liyanage the Ambassador who has been a source of inspiration and motivation for all our activities and all the Embassy staff. I also thank our Guest Speaker Sheikh Mufti Ismail Menk who accepted our invitation and delivering a highly thought provoking keynote address. I would also like to thank all our sponsors and well wishers for their continued support and confidence placed in SLMQ. Last but not the least, I thank each and every one who helped make this evening a success, and all those who have been with SLMQ for the last seventeen years.

May Almighty Allah keep all of us in the right path, guide everyone to serve humanity and grant strength to be of service to the communities in the future.

Rizwan Yaseen

Report from the General Secretary

Alhamdulillah, In the name of almighty Allah, the most merciful and most graceful, I would like to submit the following report on behalf of the Executive Committee.

We have chosen the theme for the year 2018 as 'Together Towards Tomorrow'. The theme was chosen specially to strengthen the relationship among all communities.

Since the last symposium 2017, which was held on 27th of April 2017, SLMQ has conducted many events and activities for the SLMQ family and for all communities as well.

During Ramadan 2017, SLMQ hosted many Ifthar programs. First Ifthar was the community Ifthar co-organized in association with Sheikh Thani Bin Abdulla Foundation for Humanitarian Services (RAF) and the Ministry of Interior (MOI) Qatar on Friday, 02nd June 2017 at Al Arabi Stadium. The 2017 SLMQ Family Ifthar was cancelled due to unexpected floods in Sri Lanka. SLMQ coordinated with associations in Sri Lanka and contributed the flood relief funds for the people who were affected in Colombo suburbs and surrounding cities. The Community Ifthar organized by the Embassy of Sri Lanka was held on Thursday, 16th June 2017 at the Embassy premises with the participation of all community members. There were a series of Tafseer Classes

for the community members conducted during Ramadan.

SLMQ has contributed a partial financial assistance through FSMA to Al Muslimath to make temporary school facility in Kolonnawa for primary education for children affected by the floods in May 2017.

A Family gathering day out was organized for families on Friday, 10th November 2017 at Al Shakana farm house located in Umm Salal Ali. More than 200 family members gathered. A number of events including games and fun activities were organized for the families and children.

SLMQ conducted a series of lectures aimed at the Sri Lankan community in Qatar during November 2017 by Sheikh Mufti Yousuf Haniffa. On Thursday, 23rd November 2017, a lecture titled "kinship in Islam and its importance" was delivered at Stafford Sri Lankan School. On Friday, 24th November 2017, a lecture was delivered on the same topic for the general public at Al Attiyyah Masjid in Industrial area.

The Annual General Meeting of SLMQ for the year 2017 was held on 23rd December 2017 at Fanar Auditorium. A new Executive Committee headed by Mr. Rizwan Yaseen was elected to conduct the SLMQ affairs for the year 2018.

SLMQ conducted its first Islamic lecture program titled 'Youth around our Prophet Mohammad (peace be upon him)' on 25th January 2018. The lecture was delivered

DOHA - QATAR

Report from the General Secretary

by Sheikh Abu Haniffa, a prominent scholar in Qatar, at the Stafford Sri Lankan School premises.

One of our flagship events, the SLMQ Independence Day Competitions, was held among Sri Lankan children living in Qatar, for the 15th consecutive year, to mark the 70th Independence Day of Sri Lanka on Friday, 23rd February 2018 at the Sri Lankan Embassy premises. The competition included Public Speaking and Coloring while the Essay Writing and Drawing Competitions were concluded earlier on 09th February 2017 at Stafford Sri Lankan School. The public speaking competition was adjudged by senior Toastmasters from Doha Toastmasters Club, while art and drawing specialists from the Sri Lankan School judged drawing and coloring competitions. Two senior academics judged the essay writing competition. The prizes and certificates were awarded to the winners by the Minister Counsellor of Sri Lankan Embassy Mr. Kohularangan at the Embassy premises.

SLMQ sponsored the Sri Lankan Community Football team which participated in the Community Football tournament organized by Qatar Football Association (QFA) for the 5th consecutive year. SLMQ has received wide range of support from other community associations as well and sponsorship from Al Riya Water company and Sri Lankan Football Academy.

SLMQ organized a Strategy Meeting session on 23rd March 2018 with all past

executive committee members to gather ideas and inputs in an effort to revisit and assess the way forward.

SLMQ has coordinated with local associations on the field and joined hands with the Federation of Sri Lankan Muslim Associations (FSMA) Qatar and contributed towards the riot relief fund for the people who were affected by the recent communal violence in Kandy district that mainly affected Muslim families, properties and Masjids.

As a proactive initiative to address the root causes of the repeated attacks and hate-speech against the Sri Lankan Muslim community, SLMQ hosted an event on 04th of April, 2018 for the community members under the title of 'Social Responsibility in Media'. The key note speech was delivered by Mr. Asker Khan, a director of several media organizations in Sri Lanka and followed by a panel discussion.

SLMQ is currently evaluating some important projects in Sri Lanka such as Youth Career Development Seminars Island wide, University entrance guideline seminars, Youth skill development programs and Drug awareness programs.

On behalf of SLMQ Executive Committee, I take this opportunity to warmly welcome all our members and invited guests and sponsors for the 17th Annual Symposium of SLMQ and we convey our sincere thanks to you all for extending your continuous support to SLMQ.

Message from Al Huda Foundation

Al Huda Foundation (“The Foundation”) was formed by a group of Sri Lankan professionals living in the State of Qatar with the primary objective of persistently helping to uplift the education of needy students in Sri Lanka. The foundation will be celebrating its 12th Anniversary in November 2018.

The Foundation is dedicated and determined to help needy and talented students by providing them with much-needed financial assistance to continue their higher studies. Initially commencing with a handful of members, *Alhamdulillah* the Foundation has grown steadily in size and content during the past 12 years with current membership strength of over 150 active members.

Primary Objective

“To provide financial assistance to needy candidates who are identified by the members as eligible for assistance to continue with their higher education”

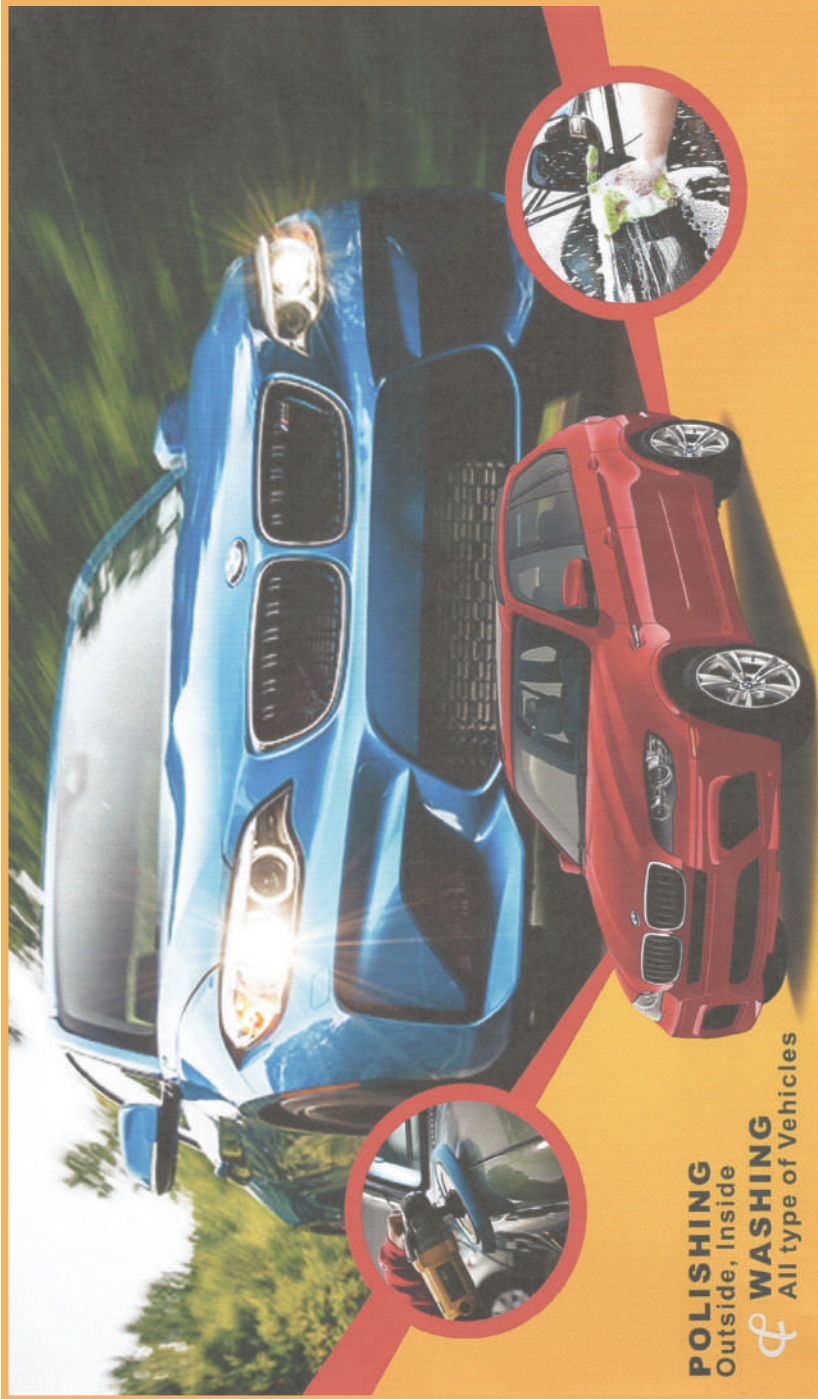

Progress update

The Foundation currently provides scholarship for more than 140 students across major education streams including Commerce & Finance, Medicine, Engineering, Islamic Studies, Law and Arts etc. By the grace of Allah, as of now around 180 students have completed their studies with the assistance of the foundation.

In 2013, The Foundation joined hands with SLMQ to commence scholarships for vocational training programs for needy Sri Lankan youths. We continue, together with SLMQ, to explore more diversified opportunities to educate and uplift the Sri Lankan community. In addition, Al Huda works closely with SLMQ for fund collection drives for special aid projects such as the Aluthgama Rehabilitation project and the 2016 Flood Relief project etc. At the moment Al Huda has played a vital role in the collection for rehabilitation efforts towards Digana 2018 project.

Finally, we would like to thank the President, the Executive Committee, the Advisory Committee and the Members of SLMQ for their continuous and unconditional support in our activities. We wish the Symposium 2018 to be a grand success and hope it will be a memorable landmark in the history of SLMQ.

Weekly Tafseer

Br. Ash Sheikh Mohamed Rifkhan (Naleemi), an Exco Member of the year 2017 voluntarily conducted weekly Quran tafseer lessons on Fridays during the month of Ramadan for SLMQ members at the Al Fanar Islamic Cultural Center, Al Aththiya (industrial area).

Flood Relief Contribution

Many areas of Sri Lanka experienced a massive torrential downpour in the month of May, 2017 and some areas experienced floods, landslides, and high winds, causing extensive property damage and making many people temporarily displaced. SLMQ joined hands with the Federation of Sri Lankan Muslim Associations (FSMA) to distribute flood relief to the affected communities in Matara and Ratnapura Districts. As mentioned earlier, The SLMQ decided to donate all funds earmarked for the SLMQ Family Ifthar towards the flood relief efforts in Sri Lanka.

Together Towards Tomorrow

People these days are used to working alone, whether they are making a science project for school, or if they are doing some research for work. They turn a blind eye towards working with others because they don't want other people's problems on their hands. They also think others will slow them down from their work. This is a problem that almost everyone has.

When someone wants to achieve something alone, it does not occur to them that there might be someone else who wants to accomplish the same goal. If everyone who wants to achieve the same goal comes together, they are capable of much more ideas and greater results.

Our world is covered in war. If countries could come together, and maintain peace and harmony, it would do our future generations a great deal of good. Do you think they would like to live in a world where a nuclear war could break out because of the slightest insults?

There are a lot of charities around the world. Do you think the founders could have done it alone? They needed the help of their friends, family and everyone who was willing to lend a hand. Everyone has something that they are very good at. It could be art, knowledge, finances, geography, sports, etc. If everyone put their talents or skills together to create world peace, they can have more success than if they worked alone.

However, some people do not like that idea because of small issues, like not getting along with teammates, finding themselves standing out from everyone else, etc. These problems have a simple solution. Give it a try. Try working together for a short period. This will get you used to everyone, and it will be a lot more enjoyable. "A sustainable world means working together to create prosperity for all."-Jacqueline Novogratz.

Working together ensures businesses, charities, etc, to thrive and become successful. To work together, you also need to have good communication with your teammates/work-partners. Working or staying together provides a large amount of innovation, which could be the beginning of world peace and harmony. "There are big problems that change the world. If we are working together, that will make us understand each other, appreciate each other, and help each other."- Jack Ma.

Together Towards Tomorrow

What obstacles has humanity been through?
Sure, we have overcome many achievements:
Technology, Education, to overcome calamities,
But are these all the torments?

Aren't there more wars than ever?
And, haven't poverty taken many lives recently?
Haven't pollution diseased earth?
Haven't all the disputes increased relentlessly?

How can we call this improvement?
The humanity's future is tied up,
And the fault is all on our actions.
Our minds are to be on the top.

What has gradually polluted our minds?
Is it money that made our minds become greedy?
Or the friends that plan on spoiling,
Whatever it is, our hearts are always needy.

Teachers are there for reasons,
To teach us life lessons,
To make us better citizens for our future
But our ignorance is in our essence.

Haven't they told us to avoid polluting?
Yet our worlds are still being diminished.
Haven't they told not to be racist?
Yet our mouth seems to not run out or finish.

Haven't they told us to think outside the box?
Yet disputes and conflicts never end.
Shouldn't the politicians know better than to argue?
Without war, humanity may finally ascend.
What has been laid in front of our futures?
We may not know from the mist,
But from what we know of the present,
Our future won't in any ways be blessed.

But do not loose our hopes,
For there are ways to turn around,
If only we put ourselves in others shoes,
The gloomy future would be easy to bound.
All we must do is work together,
How hard could that be?
Isn't that much simpler than any conflicts?
Peace is all I want, so I plea!

Peace is on a straight road,
Yet we go through more complex paths,
Or we don't even proceed to go,
Together we could go back to the right path.

If we all had a goal, all disputes, conflicts and wars
would be over.

If we put ourselves in others shoes, we could
understand who we all were,
If we cleanse our minds, we could reduce penury,
racism and other evils,
If we work together, we could save our future.

Together Towards Tomorrow

As a community we should all join hands in unity,
To create an opportunity for peace and immunity,
As the sun rises every morning,
To make this world prosper and adoring.

Respect, discipline and honour is what we seek,
For freedom and encouragement towards what we speak,
If only we learned to fulfil these goals,
Tomorrow there may be more purified souls.

This poem is a plead to you all wonderful citizens,
From Buddhists, to Hindus, to Muslims and Christians,
Love each other and respect who you follow,
For we are all together for a better tomorrow.

The Future Infused by Our Past

The current Executive Committee members conducted a strategy refresh session with all past Executive Committee members on 23rd of March, 2018. This was in order to obtain feedback and ideas to review and realign SLMQ's objectives and strategies with the current context.

The discussion was very fruitful generating many new ideas and strategies the SLMQ should adopt and adhere, whilst some of which were immediately agreed to be implemented whilst others need the endorsement at a Special General Meeting, which is planned to be called in the near future.

Relief to People Affected by riots in Kandy

The experienced and witnessed some very disturbing and sad events unfold in our mother land in March 2018. There was violence in Kandy district that mainly affected Muslim families, properties and Masjids. SLMQ has coordinated with local associations on the field and joined hands with Federation of Sri Lankan Muslim Associations (FSMA) Qatar and contributed towards the relief fund for the people who were affected. We are exploring a wider engagement strategy as SLMQ.

Message from Federation of Sri Lankan Muslim Associations Qatar (FSMA-Q)

It is with great pleasure we congratulate and appreciate the efforts of Sri Lankan Majlis-Qatar (SLMQ), the Executive Committee and members on the occasion of 17th Annual Symposium and its contribution to the entire Sri Lankan community.

SLMQ, a pioneer & leading Social welfare community organization, has been serving Sri Lankan community in Qatar over a period of 17 years and has been implementing several projects to support and uplift the needy back in Sri Lanka in various needs.

FSMA-Q which is an umbrella body of Sri Lankan Muslim Associations in Qatar was formed in 2014 with the support and cooperation of many organizations with the objective of serving together uniting the Sri Lankan community living in Qatar. SLMQ played a crucial role in establishing FSMA-Q and continue to contribute to the activities of FSMA-Q.

We wish SLMQ and the member all the best in its future activities and success in continuing the services for the further betterment of the community.
